The event will run from 10 AM to 5 PM, including a special networking buffet and different panel discussions. Join us for transformative insights and invaluable connections. This event is open to everyone who is interested in using AI and behavioral success strategies in their future leadership.

# OUR SPEAKERS

## PROFESSOR RENÉE CUMMINGS

Artificial intelligence Expert from U.S.A.

Professor Renée Cummings, an award winning artificial intelligence (AI) innovator, is an AI, data and tech ethicist, and the first data activist-in-residence at the University of Virginia's (UVA) School of Data Science where she was named Professor of Practice in Data Science. She's also the inaugural senior fellow in AI, Data and Policy at All Tech Is Human, a leading international think tank.

Professor Cummings is also a nonresident senior fellow at The Brookings Institution, co-director of Brookings' Equity Lab, and a distinguished member of the World Economic Forum's Data Equity Council and the World Economic Forum's AI Governance Alliance. She is also a member of the Global Academic Network, at the Center for AI and Digital Policy (CAIDP), Washington, D.C.

A criminologist, criminal psychologist, therapeutic jurisprudence specialist, and a community scholar at Columbia University, Professor Cummings serves as co-director of the Public Interest Technology (PIT) University Network, at UVA, and is on the board of advisors of the Carnegie Council for Ethics in International Affairs.

Listed among the world's top 100 women in AI ethics, Professor Cummings is a thought-leader, motivational speaker, and mentor, who has given a multitude of lectures, keynotes and talks to a variety of audiences, including policymakers in the U.S. Senate. She's an internationally recognized expert on responsible AI, ethical data science, and technology we can trust. Professor Cummings offers expert analysis, on national and international television, on everything from criminology to augmented collective intelligence. She has mastered the art of creative storytelling and deconstructing complex topics into critical everyday conversations that inform and inspire.

# OUR SPEAKERS

## JAY JOHNSON

Leadership & Behavior Expert from U.S.A.

Jay Johnson is an internationally renowned speaker specializing in behavior and organizational development. Jay is a Co-Founder of Behavioral Elements® and has delivered transformational workshops to accelerate highperformance teams and cultures in more than 30 countries across four continents.

Jay's 2018 TEDx talk demonstrated a new approach to dealing with difficult people and established Coeus Creative Group as a thought leader in behavioral intelligence. In 2020, the Forbes Business Council invited Jay to its prestigious membership to share perspectives on Behavioral Science and its business application. He was again invited to the TEDx Stage in 2023 to share insight into the drivers of human behavior.

Jay has worked with companies like Ford Motor, Stellantis, Nikon, NASA, and Johns Hopkins to guide them in developing leaders, fostering highperformance teams, and building a culture where people thrive and excel. He uses modern behavioral science to build unique tactics and programs that yield exceptional results, quickly and sustainably. Jay holds a Master's Degree in interpersonal communication, is a designated Master Trainer from the Association for Talent Development, and was twice honored with the Excellence in Training Award by the APCC. Jay was also named "Top Trainer" twice by the ATD Detroit.

Outside of business, Jay has served in government and as an International Vice President for JCI, a global NGO. He attributes these experiences to giving him a better understanding of people and behavior in various cultural contexts. He currently serves on the Board of Advisors for Madonna University's School of Business and the Wayne State University School of Fine, Performing, and Communication Arts. Jay teaches Contemporary Leadership, Entrepreneurship, and Leadership Communication at the Master's level.

His passion for helping organizations overcome complex people challenges is his guiding purpose, and he is always excited to share his knowledge and experience to inspire real change. His delivery style is engaging and fun, offering immediately usable skills for building stronger relationships, enhancing influence, and leading effectively.

## WILLI BERNDT LENDZIAN

Managing Director Zian Consultanzy and  
94GREENTV; AI expert

Willi Berndt Lendzian is an experienced leader specializing in transforming business challenges into opportunities for growth. He currently serves as Managing Director of 94Green Foundation in Suriname, producing documentaries highlighting environmental, social, and cultural impacts through the 'Portray 2 Protect' concept.

Willi's background includes wealth management, marketing, business consultancy, and project management. His international experience, particularly in Southeast Asia, has enabled him to adapt to diverse cultural environments and lead successful initiatives. Fluent in multiple languages, Willi has enhanced collaboration and operational excellence across several countries.

At Alfa Laval, Willi built four service centers in Southeast Asia, leading a team of 129 people while reducing operational costs by 20% and improving service quality. As Director at ZIAN CONSULTANZY, he managed wealth development and dedicated 40% of trade proceeds to humanitarian projects. At INTRAMAR NV, Willi expanded operations to Suriname, establishing a strong market presence.

Willi's passion is empowering individuals and teams to reach their potential. He fosters a culture of ownership, creativity, and sustainable growth. His leadership style encourages initiative, professionalism, and adaptability, helping teams achieve high performance.

Willi also has expertise in AI training and process development, optimizing business structures and driving innovation. His focus on data-driven insights helps businesses stay resilient in changing conditions. He has educated teams on leveraging AI to enhance productivity and streamline operations.

Willi's career includes roles such as Sales and Marketing Manager at Process Development Partnering A/S and Freelance Creative Director at Ace, where he developed programs emphasizing creativity and performance. As Founding Director of SOS ALPHA, Willi launched initiatives focused on community empowerment and sustainable development in Southeast Asia. With his expertise in process development, wealth management, cross-cultural leadership, and AI integration, Willi is a valuable asset to any organization seeking resilience, innovation, and sustainable growth. His dedication to continuous improvement and broad international experience makes him well-suited to help organizations navigate challenges and build a better future.

# OUR SPEAKERS
